Dear Darl,

Hoechst Celanese Chemical Group - Clear Lake Plant, would like to express our sincere appreciation for your efforts during the week of March 14, 1994. Our rush requirements for 110 multipoint thermocouple assemblies seemed to be hopeless until STI Manufacturing was contacted.

We acknowledge that STI Manufacturing, Inc. went the "extra mile" for us during that week. Your efforts enabled us to keep the downtime to one of our operating units at a minimum. Again, our sincere thanks to those people involved during this period.

Sincerely,

M. A. John - Plant Manager

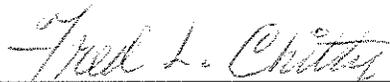

R. D. Guenther - Purchasing Agent

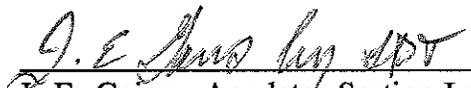

C. L. Whitaker - Maintenance Section Leader

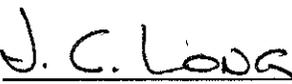

P. L. Turner - Plant Engineering

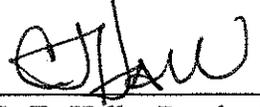

F. L. Chitty - Maintenance Section Leader

J. E. Goins - Acrylates Section Leader

J. C. Long - Maintenance Services

C. F. Hall - Purchasing Section Leader
